District Leadership Committee Report

District 4 Toastmasters | Originally Submitted on April 4, 2020

The District Leadership Committee (DLC) first met on February 29, 2020 to interview candidates for the 2020-2021 District leadership term. This Committee consisted of five Toastmasters members (not including the DLC Chair) and was selected to equally-represent Divisions A, B, C, D, and E, as well as comply with other requirements put forth by Toastmasters International.

After deliberation, the Committee has nominated the following individuals. All Division Directors candidates have been evaluated to run for *any* division, though their primary choice has been listed below.

For District Director	Kalidas Cheroolil, DTM
For Program Quality Director	Timothy Carlisle, DTM
For Club Growth Director	Karsten Manske, DTM
For Club Growth Director	Jennifer Perry-Ruzic
For Public Relations Manager	Josef (Joe) Bresler
For Division A Director	Mare Repetto, DTM
For Division B Director	Enkhtuya (Tuya) Bliss
For Division C Director	Rizwana Rahman
For Division D Director	Greg Athas
For Division D Director	Adalberto Padilla
For Division E Director	Anny He
For Division F Director	Mark Prince

The DLC can only nominate each individual for *one* role, but the following individuals have also been evaluated for the following additional positions.

For Club Growth Director	Mare Repetto, DTM
For Division B Director	Jennifer Perry-Ruzic

Additional Notes:

- The order of elections will be dictated by the business meeting agenda, *not* this report.
- On March 5, 2020, Mare Repetto, DTM withdrew her candidacy for Club Growth Director via email and decided to run only for the Division Director role.
- Interviews for Mark Prince, Rizwana Rahman, and Adalberto Padilla took place in March and April 2020 via Zoom video conferencing with all DLC members present.
- The election of a Division F Director is contingent upon the new division's creation being approved earlier in the business meeting, before elections.

Respectfully submitted,

Stefanie Chow, DTM, IPDD
